

Submitter: james shearer

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3940

Please do not add any fees to Oregon Taxes for any reason. there is no reason to give any additional money to the state legislature to spend until a complete forensic accounting has been completed to account for the money they have been spending for the last 10+ years. They just made it so you can't build on property in fire zones, this alone should save money but decrease housing availability. Where is the lumbar tax (COVID surcharge) being spent?
