Let their unions pay their unemployment benefits. They're the ones who negotiated their contract. I had no say in the negotiating process. I'm tired of tax payers footing the bill for their ineptness. I have never belonged to any union so why would I want to support this lowlife. The workers aren't necessarily who I am referring to here. It's the idiots who negotiate the contracts that I refer to here. I'm tired of paying for every little tax the super dooper majority can dream up. Just stop bleeding we citizens dry.
