Senate Committee On Education

Measure, Appointment or Topic:

HB3624

As a low income homeschool mom, the possibility of required state testing being paid for is exciting to me. If the state requires the test, it should not have to come out of the homeschool parents' pockets. This bill would help ease the financial burden of homeschooling for me, and I am sure for others. I urge you to vote "yes" to help support families of all backgrounds and incomes who choose to homeschool.
