

Submitter: Tiffany Grantom

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB3624

Homeschool families in Oregon don't rely on school districts or education service districts to administer, provide, or fund their children's homeschool education, and homeschool families don't want school districts to make choices for them about testing. Please vote no on this bill and protect the autonomy of homeschooling families in our state.

Thank you,
Tiffany Grantom, Eugene
