

Submitter: Pam McFarlin

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: HB3932

Beavers are such an integral part of the ecosystems in Oregon and must be protected in order to keep our state wild and beautiful. The Beaver State won't be able to be called that if the species is allowed to decline, nor will Oregon State University have its' mascot. In the face of environmental devastation happening in so many parts of our country and the world, please support this measure and help to keep our lovely state lovely for future generations to enjoy!
