On Behalf Of: Stop Playboy in Hardcover P O R N for KIDS
Committee: House Committee On Education
Measure, Appointment or Topic: SB1098

Committee:
You and your squad of supporters are shameful to think PORN books allowed in school libraries are acceptable.
Really???

If you pass SB1098 to allow PORN books in our schools,
the kids will go to the next level.
They will brag about copying what they see in the books by showing off their new found abilities
in the restrooms, in the gyms, on the playgrounds, on the school buses and more.

R A P E S will be on the rise!

This bill will help encourage trafficking and encourage pedophiles to be waiting at the school doors.

Please get your head on straight, veto this bill.
NOW.

I OPPOSE SB1098
