On Behalf Of:

Committee:

Senate Committee On Education

Measure, Appointment or Topic:

HB3624

I Strongly oppose HB 3624.

It undermines homeschooling freedoms and breaks trust in the legislature. We budget for testing, and we can choose the tester for our children.

It is our responsibility as homeschooling families, and as such we take our children's education very seriously.

Please vote NO.

Thank you,

Doris Artman
