Measure, Appointment or Topic: HB3932

I love Oregon and its beautiful natural environment and wildlife, and I am committed to protecting it for future generations. I grew up in rural eastern Oregon and now make my home in Portland. Throughout my life I have enjoyed sharing all Oregon's outdoor experiences and wonders with residents and visitors alike. Healthy beavers and streams are a crucial part of sustaining Oregon's natural ecosystem and I support protecting Oregon's beavers and streams as a member of the Oregon Natural Desert Association. Please support HB3932, and thank you for your consideration.
