

Submitter:

Paula Pop

On Behalf Of:

Committee:

Senate Committee On Education

Measure, Appointment or Topic:

HB3624

We have been homeschooling successfully in Oregon for over 20 years. It's been a blessing and privilege to homeschool in complete freedom and peace. We have tested annually with no problems and our students have never failed a test. Please keep government out of homeschool. We appreciate your vote against this bill. Thank you
