

Submitter: Stephen Zimmerman

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: HB3932

Beavers provide a healthy environment for a lot of animals. Animals that are all under stress for habitat loss. Fish as well as land animals. It's necessary to hold and to expand our wet lands. Killing a beaver degrades the whole neighborhood, not just the owner of that land. Pass this legislation.
