Measure, Appointment or Topic:	HB3940

Our congregation gathers bottles and cans from friends and neighbors in order to support the Northeast Emergency Food Program, one of the biggest emergency food services in Oregon. This bill would take that source of funding away from feeding hundreds of people each month. Please do not use that funding for Wild Fire services. And more bottles and cans would be merely thrown in the trash.

Many non-profits depend on this funding and many individuals also depend on Bottle Drop Give as a source of support during times of financial stress. Every time we take bottles to Bottle Drop Give, we meet both non-profits and individuals who are using this service to find a way to make it through hardship. Please say no to HB 3940. Don't break the support for many.
