

Submitter: Ronald Spies

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: HB3932

I support HB 3932. In the High Desert the science is proving that beavers improve the ecosystem by an impressive . An excellent case in point the the restoration of Susie Creek near Elko. Trout Unlimited and ONDA have completed and are working on projects that mimic beavers dams and its working.
