

Submitter: Mary Becker

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: HB3932

Please support this measure. I recently attended an orientation at a local environmental group (Think Wild) that showed us how to help simulate beaver houses in order to entice them back to certain areas that have been so damaged and are so barren. ONDA also does much to support caring for beavers and increasing their influence on my local area. I feel they are so necessary to health rivers and we can't ignore that because private homeowners want to do things their own way, regardless of the environmental impact in other locations. Please support HB 3932 and let's make OR natural again!
