SCR32

NO on SCR 32

This resolution is appalling. China treats its citizens with a communistic iron hand, which is unjust and cruel. They force their population to have forced abortions. I have travelled to China 3 times and met young women who were traumatized from having experienced this themselves. They are murdering groups in their population for forced organ harvesting.

In June 2021, a group of U.N. independent experts expressed concerns over credible information suggesting that detainees from ethnic, linguistic, or religious minorities, including Falun Gong practitioners, Uyghurs, Tibetans, Muslims, and Christians, may be forcibly subjected to blood tests and organ examinations without their informed consent. The Epoch Times has been reporting on this for years.

Chinese persons who have legally immigrated here will testify to the atrocities and that is why they are here. And then there is the issue of the theft of our elections and the participation of China in that. Go to the documentaries called Absolute Interference, Absolute Proof and Scientific Proof for an introduction to the proof of how Communist China has participated.

China has been hijacking US technology and intellectual property as well as stuffing their coffers with taxpayer funds through unequal tariffs for decades. China has been enriching itself off the backs of Americans.

REALLY?? You want to reaffirm the State of Oregon's commitment to its relationship with the People's Republic of China. REALLY??

UNBELIEVABLE!! Why would you want to do this? Do you understand that you are supporting being in bed with Communist China?

DO NOT SUPPORT THIS RESOLUTION.
