This bill is clearly an infringement on our constitutional rights. This clearly back door legislation to infringe on people's rights to protect their families and property. Let alone harass target and sport shooters. During the wildfires of 2020 the citizens of the Molalla Estacada areas had to self guard their properties and homes against looters and arsonists. Because the sheriff at the time did nothing and denied it was even happening. This bill clearly affects how communities can protect themselves and their property.
