Yes definitely time to set a limit on rent increases. We own our homes So the upkeep on the lots we rent We pay for hedges being trimmed along with trees If the park owners would cover all this plus water and sewer and garbage it would not be bad I know in the past seven years rent has risen from 735-1187 a month and in June going up again. This is in Eldorado Villa's a retirement community with a restricted age. Most of us are on fixed income and can't afford the ridiculous rent increases. Thank You.
