

Submitter: Rocky Gillam

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: HB3932

I oppose this bill on grounds of lack of information. This bill is not being passed due to data from biologists but rather public opinion. Much like measure 121. Public opinion is not the way to manage wildlife or natural resources. I and others would like to see ODFW biologists data as well as others.
