

Submitter: Cody Lommen
On Behalf Of:
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: HB3824
Re: HB3824

To Whom it may concern,

My name is Cody Lommen and I am a Physical Therapist treating in Salem, OR and urge your support of of HB3824. This is an essential piece of legislation that would allow patients greater access and avoid limiting care to an ever growing population in need of care. This bill is more than simply discussing dry needling, which is part of the PT scope of practice in a large part of the rest of the country, but is more about ensuring patient access and fair representation/consumer protection by allowing patients access to clearly defined Physical Therapy. Physical Therapist have extensive education in physiology and anatomy making this update essential to ensuring patient access to these skill sets.

I appreciate your support of this significant issue! Thank you.

Regards,

Cody Lommen, PT, DPT, OCS
