

Submitter: Scott English

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: HB3932

I support HB 3932. My Background is in Wildlife Biology and Wetland Science. I support this bill because it would allow native Beaver populations to work their magic and restore /create wetlands that help provide clean water and aquatic habitat for a variety of fish and wildlife in Oregon's streams.

Sincerely
