Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: HB3932

As a tax paying, voting lifelong resident and sportsman of the state of Oregon I urge you to oppose the beaver trapping ban. It undermines the scientific management of our state agency and is one more freedom that the state is trying to take away from its residents. This country was discovered and founded by trapping and trappers. Please do not take away this freedom. Let science do the work. If the population of beavers and fur bearers start to dwindle then we can explore other management plans.

Thank you,  
Jason sherman
