

Submitter: Jacob DuVall

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

I am a soon to be graduate of a doctor of physical therapy program that will be practicing in the state of Oregon. Allowing physical therapists to prescribe durable medical equipment such as wheelchairs, AFO's (ankle foot orthotics), and other mobility aids that physical therapists are experts in fitting and instruction of use, would cut out the middle man and allow faster turnaround for patients that desperately need better mobility and assistance.
