Testimony is on behalf of:

Measure SB 238: Modifies provisions relating to the use of unmanned aircraft systems by law enforcement officers and agencies.

Committee: House Committee On Judiciary

Position: Support

Testimony:

Hi ACLU,

I wanted to let you guys know I'm very thankful for the ACLU. I wanted to voice my opinion for the meeting in Klamath Falls for Friday Committee. I want to voice how this has taken a toll on my livelihood and how the drones, helicopters, military planes, FAA, FBI, police, fire men have affected us tremendously. My son and I have been stalked harassed, tortured under the MKULTRA covert program. Me and my son was defamed in our community in Tigard-Tualatin and evicted out of our apartment of 13 years because they had illegal immigrant along with Tualatin View management. We are still homeless because and they follow every where we go they call and tell them we're terrorist under 702 FISA FOREIGN INTELLIGENCE. And spraybis with chemtrails. Because of the FBI, FAA, CIA, Military all those agencies had a lot of negative attention to my son and I. We were tracked constantly and 5G technology was used against us under the Biden Administration Domestic Terrorist program. Thanks for Senators Ron Wyden and Tusli Gabbard touch the bases on the Unclassified CIA torture act program and Jeff Merkley helping with Ai/Artificial Intelligence tracking us through satellites corporate is tracking us running us out of almost every business because they're alarmed when we come. I have been writing Senator Ron Wyden for 10 years now and Senator Merkly over 4 years about this subject. Because of being homeless our live are in danger. We are homeless in Las Vegas because Forensic investigators Amy Holem passed the Torture Act Legislation and with a small fee she's going to investigate where the 5G is coming from. However, we need a place we are in a shelter. They made me lose my beauty salon business of 9 years and my union job with IATSE local 28 of 7 years, and lost my car they defamed me there. However, I can't come back to Oregon right now but I need help out here getting a place so we can be safe. Please help us get off the streets.

Every where we went they followed us France, UK, San Diego, Fresno, Los Angeles and now Las Vegas. Please take the cell towers down those are weapons and get the WIFI COMPANIES out of our communications. I have FAA emails. I know DNI Tulsi Gabbard is working on all of these things. I'd like to testify or be a whistleblower and sue these cults for ruining me and my sons life.

Thanks,

Andrea Thomas & Risean Williams

Hi Legislator,

I have been reporting on the abuses of the FAA, Police, FBI agency's and military. I would to testify because I have been reporting this issue to the FAA and Senators Jeff Merkly, Andrea Salinas and Ron Wyden for almost 5 years. The Senators have been helping me Ron Wyden 702 FISA / CIA Torture MKUKTRA, NSA data theft and Jeff Merkly Artificial Intelligence FBI Police drone - plane - helicopter abuse. Me and my son have under surveillance harassed and tortured by the this illegal covert program which is part military cybersecurity harassing my son and I through social media and technology satellites and drones with 5G technology. This made us homeless and was black listed in our community of 20 years. Because of the deformation they put in the underserved communities they should not ever have the right to use these drones or FAA surveillance to watch civilians. They lost the trust in our communities and have already used abuse of power. The community I lived in was predominantly white and Hispanic so this abuse pinpointed us out where the blacks are to get targeted and single blacks out. These tools should be limited to only head chiefs that's it one per agency if that. Our children have been raped and violated, human trafficked and killed. This is away to harass and enslave us into modern day slavery. We have burns on our bodies! Slow death. We both would to testify and our constitutional rights as indigenous black people our right have been revoked and we are 2nd class citizens with no democracy and constitutional rights! It's against our 4th amendment.
