

Submitter:	stephen Gerould
On Behalf Of:	oregon natural desert association
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB3932

For the past 17 years I have volunteered much free time with ONDA during spring and fall in an effort restore beaver habitat in eastern oregon. It is time we finally put an end to the legalized killing of these natural allies of stream (water) conservation and riparian health in an era when both are so urgently needed. We need to encourage the health of our streams.

This bill would do that. Let's protect our State symbol and our precious water and waterways now.
