

Submitter:

Patrick Kohl

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

HB3824

I am an active person who has been to physical therapy a few different times, and I have had extremely positive experiences with all of the physical therapists I have been treated by in the state. As a patient I would appreciate having reduced barriers to quality care by allowing my PT to order imaging, prescribe durable medical equipment, and utilize the full capacity of their doctorate level education. I urge legislators to vote in favor of HB 3824 to allow more streamlined care for patients across the state.
