Chair and Committee Members

It is clear that SB 360 is tailored for non-restricted pesticides, such as many over-the-counter pesticides used by regular homeowners. The bill is also clear on the type of equipment and capacity limits. SB 360 will allow " an employee of the agencies, instrumentalities, subdivisions, counties, cities, towns, municipal corporations, districts, governmental bodies, Indian tribes or utilities" that will unburden these agencies with a useless and worthless license!
