Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB3190

I strongly support HB 3190A and urge the Senate Finance and Revenue Committee to pass this important bill. Historic preservation is a critical part of Oregon's cultural identity, economic vitality, and sustainability efforts. Bringing back the Special Assessment for Historic Property program (especially with a focus on commercial properties) will help communities across the state protect their architectural heritage while encouraging revitalization and investment in historic areas.

Thank you for considering this measure and for your continued support of Oregon's unique history.
