

Submitter:	Chris Morgan
On Behalf Of:	Montana Trappers Association
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB3932

The Montana Trappers Association promotes sound, wholistic management of natural resources. This bill goes against everything we promote. We feel your governor-appointed commission has done an excellent job on wildlife issues in the past and feel there is no reason to remove their authority in this decision making process.
