Measure, Appointment or Topic: HB2977

Dear Chair Nathanson, Vice-Chair Reschke, Vice-Chair Walters and members of the Committee,

Please support HB 2977 with your vote today. HB 2977 is a bill that will secure long-term, dedicated funding to recover Oregon's most imperiled fish, wildlife, and habitats.

Climate change and other natural and human-made impacts put the future of our ecosystems in danger. Oregon is an incredibly special place, please keep it that way by protecting the habitats of our flora and fauna. There are nearly 300 species of greatest conservation need and 11 habitats of conservation concern. To combat this - and ensure all species thrive in Oregon - we need bold, proactive investments in their recovery.

HB 2977 would do just that by providing a steady, sustainable source of funds to the Oregon Department of Fish and Wildlife to recover Oregon's most imperiled species and habitat and enhance biodiversity - all of which contribute to Oregon's tourism and outdoor recreation economy.

Please support "1% for Wildlife" by passing HB 2977 today.
