Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: HB3932

Hello Chair and members of the Senate Committee on Natural Resources and
Wildfire

Please vote YES on HB 3932.

Know this:

Humans reduce water quality;

Beavers filter water and make it cleaner.

It's a good thing to keep beavers in our ecosystems. Humans benefit and so do
beavers.

Trapping has had it's spotlight in the past; now being 'evolved' humans; it's up to us
to recognize that Beavers and their habitat benefit us.

Please vote YES on HB 3932.

Thank you
