HB2977

I am writing to urge you to support HB 2977, a bill to secure long-term, dedicated funding to recover Oregon's most imperiled fish, wildlife, and habitats.

Now more than ever, it's important to protect biodiversity and the wildlife that call Oregon home. I work at a public school, I worry for the kids I work with. I worry about what kind of world we are leaving them. These steps, like supporting funding for Oregon's wildlife is a step in the right direction toward creating a better world for these kids
