

Submitter: Sam Brost-Turner

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: HB3932

To whom it may concern, there's a beaver on the State flag for a reason.... Trappers settled this land and thanks to the Beaver this State is what it is today. There will always be beavers and like everything else there will always need management tools to maintain population control. I strongly oppose this measure, at the end of the day there will still be beavers being trapped.... In the same places, it just won't be done by the public, it will be done by state hired trappers costing tax payers extra money.. long live the beaver and long live the Oregon trapper.
