Measure, Appointment or Topic:	HB3932

HB 3932 so we can allow beavers to help restore Oregon's thousands of miles of impaired waterways for free. HB 3932 targets rivers and streams categorized as Category 4 or 5 by DEQ's water quality standards – both indicate impaired waterways. This also includes waterways deemed impaired under the Clean Water Act. More than 2/3rd of surveyed waterways in Oregon (106,390 miles) are currently classified as "impaired."
