Measure, Appointment or Topic: HB2977

Dear Chair Nathanson, Vice-Chair Reschke, Vice-Chair Walters and members of the Committee,

As a life-long Oregonian, wildlife has always been important to me as a reflection of what makes are state and region unique and prosperous. Our wildlife and wild areas only growing more important as our climate changes and development increases.

I am writing to urge you to support HB 2977, a bill to secure long-term, dedicated funding to recover Oregon's most imperiled fish, wildlife, and habitats.

Oregon is an incredibly special place; home to a diverse array of flora, fauna, and the habitats that support them. Unfortunately, climate change and other natural and human-made impacts put their future at risk.

There are nearly 300 species of greatest conservation need and 11 habitats of conservation concern. To combat this - and ensure all species thrive in Oregon - we need bold, proactive investments in their recovery.

HB 2977 would do just that by providing a steady, sustainable source of funds to the Oregon Department of Fish and Wildlife to recover Oregon's most imperiled species and habitat and enhance biodiversity - all of which contribute to Oregon's tourism and outdoor recreation economy.

Please support "1% for Wildlife" by passing HB 2977 today.

Sincerely,

S. Libby
