

Submitter:	Linda Bernhardt
On Behalf Of:	Shady Grove Farm Bed and Breakfast
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB2977

Dear committee members,

As a business owner, I strongly support HB 2977. Many of our guests tell us that one of their attractions to Oregon is the richness of the wildlife here, but some species and their habitats need help. This bill will provide a reliable source of funds to recover Oregon's most vulnerable species and habitats and enhance biodiversity - all of which contribute to Oregon's tourism and outdoor recreation economy. Increasing population growth and other natural and human-made impacts put their future at risk. To ensure all wildlife species thrive in Oregon, we need bold, proactive investments in their recovery. Please support "1% for Wildlife" by passing HB 2977 today. Thank you for your YES vote!
