Measure, Appointment or Topic: SB238

I'm writing to ask you to vote NO on SB 238A. This bill would let police use surveillance drones without getting a judge's approval first. We've seen time and again that when police get unchecked surveillance powers, they use them to monitor protesters, activists, and communities that are already over-policed.

Our democracy works when there are checks and balances. Police should have to get a warrant before flying surveillance drones over our neighborhoods and gatherings. That's what the Fourth Amendment is all about.

Please stand up for our basic privacy rights and reject SB 238A.
