Measure, Appointment or Topic: HB3054

Please pass this measure. I am a senior in a private equity park depending on social security in order to stay in my home. The constant rent increases of 10% have forced me back to work, and I am living on the edge since 80% of my social security goes to rent. The situation is a tragedy for me and many of my neighbors. The 6% cap would make a difference in our lives. I pray you read all the letters and testimony with a compassionate heart and help us by passing this bill. Thank you.
