

Submitter:	Don Moore
On Behalf Of:	myself as a sportsman
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB3932

I've been an Oregon resident for over 50 years, and have been a fisherman or hunter during that whole time. Oregon has historically based it's wildlife regulations based on science based decision making. This bill, if passed, would remove another tool of wildlife managers. I urge you not to pass this bill.
