Measure, Appointment or Topic: HB3824

I have had both micro needling and acupuncture. They are very different. I fully support the right for PT who have had the training for Micro needling to be allowed to practice this form of therapy in Oregon! I urge you to join the other 46 state that have made this legal !

I definitely feel that PT should be allowed to order diagnostic imaging, and durable medical equipment. This would expedite the recovery of the patient, cost less money , and be more efficient.

I fully support HB3824! I am urging this get full support in its entirety !
