HB2977

Please support HB 2977, a bill that would provide a steady, sustainable source of funds to the Oregon Department of Fish and Wildlife to recover Oregon's most vulnerable species, habitat and also enhance biodiversity. These will enhance Oregon's tourism and outdoor recreation economy. Climate change and other natural and human-made impacts put the future of many vulnerable species at risk, especially our wild recreational salmon fishery. Fly fishermen used to come to Oregon in large numbers, but as the fishery has declined, their numbers have also declined. To ensure all wildlife species thrive in Oregon, we need to invest in their recovery. Please support "1% for Wildlife" by passing HB 2977 today.

Sincerely,

Linda Leyva
