Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: HB3932

Please protect our beavers, as they have no voice. These as you know are a key species for our forests, for our water, our fish, and to decrease problems of fire where ever they live.

We need to do everything we can to help our planet, and beavers do it much better then humans! Do not allow these animals to be trapped, and killed.
