Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB3932

I strongly oppose HB 3932. This bill is purely an emotional based and driven bill design to shut down trapping in the state of Oregon. This bill has no scientific backing from the Oregon Department of Fish and Wildlife, on why beaver harvest should be shut down in this state. The bill has no merit and will cause more damage and financial expense to the people of Oregon then there will ever be benefits.
