Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

As a physical therapist practicing in Colorado, passage of HB 3824 is vitally important because it recognizes the vital role that PTs play in health care and the rigorous training, education, and experience that PTs bring to serve our patients. Personally, passage of HB 3824 would improve my ability to serve patients by improving the quality of care around the nation. I have treated patients from Oregon that have moved to Colorado and have referred patients to PTs in Oregon that have moved from Colorado. This bill would improve the continuity of care provided.
