I live on social security and bought in to the manufactured park to live reasonably, but at my age, 80+ years I don't have the ability to change my monthly income for all the rent increases. Where I live in a senior park, ran by common wealth, who treat this park like slumlords. Since they have taken over rent increases constantly and services drop.. when I purchased this home in a park they used to include water garbage sewarr cable and now I have to pay for those bills plus increases. If this continues I will be another victim of Common wealth and will be living on the streets.
