On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB3932

I work at a wastewater treatment plant and find myself deeply connected to the Tualatin River and motivated by the conservationist nature of my work. This bill would advance the issues of water quality, public health, and natural resource conservation; things constituents like me care deeply about. I strongly urge your support of this bill to enhance the health of our waterways and protect the nature resources of our beautiful home.
