

Submitter: Tim Madison

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

My name is Tim Madison, and I am a physical therapist who has been practicing for 11

years. I'm submitting testimony in support of HB 3824. This will help improve Oregonian's

access to physical therapy and help physical therapist to use the most current evidence

based practice to most efficiently and effectively treat their patients.

I'm asking you to support HB 3824 so that Oregon can:

- Align the practice of physical therapy in Oregon with the Model Practice Act established

by the Federation of State Boards of Physical Therapy – in some cases expanding care that

is available in 46 other states, but currently not available in Oregon.

- Allow physical therapists to certify a patient's disability placard or license plate application. This ability is vitally important, especially given Oregon's shortage of providers

and can help ensure that patients get adequate accommodation quickly and without unnecessary delay. This care also aligns with the privileges that PTs have in 13 other states.

- Improve access to and timeliness of patient imaging by allowing PTs to order and interpret imaging. Over 10 other states have taken this action to help reduce patient cost

burdens and improve patient outcomes by ensuring timeliness of care.

- Ensures patient safety by protecting the title "Doctor of Physical Therapy or DPT" to ensure that only those holding a doctoral degree in physical therapy are permitted to use

this title and abbreviation. Currently, some entities are inappropriately utilizing "DPT", as

an abbreviation for dynamic personal training, which is misleading for patients in Oregon.

The title Doctor of Physical Therapy and DPT should be reserved solely for those individuals

who have gone through that level of rigorous training and 7+ years of education vs. an

online certification.

- Enhances patient safety by adopting statutory language included in the PT Model Practice

Act related to sexual misconduct to ensure that the PT licensing board has

appropriate

authority related to misconduct that is verbal, physical, and through electronic means.

I urge you to support this legislation for the benefit of Oregonians in need
