

Submitter:	Martin Desmond
On Behalf Of:	Citizens for a Better Lincoln County
Committee:	Senate Committee On Education
Measure, Appointment or Topic:	HB3365

Climate change has taken a back seat to all of the nonsense that is happening with the Trump / Musk regime. However, that will not stop the ravages of climate change just because Americans are ignoring the issue. It is important to provide young people with an understanding of what is happening to our planet.
