Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: HB3932

Beavers are good for the ecosystem, period. We need to keep them on our public lands and waters and protect them as strongly as possible.

Farmland, rangeland, developed or natural, doesn't matter: all land improves in health with beavers back in the ecosystem. From erosion control to wildfire resilience to cleaner waters, helping beavers will help Oregonians.
