

Submitter: Aram Levendosky
On Behalf Of: HB 3824
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: HB3824

I am a licensed acupuncturist who has been in practice for 15 years. I strongly oppose Physical Therapist be given the right to insert needles or practice acupuncture without going to school and becoming licensed as an acupuncturist. I studied for 4 years and maintain CEU's and trainings to continue to stay licensed as an acupuncturist, there are many risks to practicing acupuncture and without proper training or licensure—one should not be allowed to practice.

Sincerely,
Aram Levendosky
