

Submitter: Diana Blakney
On Behalf Of: small woodland owner
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB485

SB 485 -2 is critical for families like mine, inheritors of timberland. The land has been in our family for more than 100 years and its forests have been sustainably managed for more than 50 of those years. It is expensive to care for the land and the trees in a way that benefits Oregon and its future generations. Please do not force us and others like us to cut more than the health of the forest requires in order to continue keep the property away from development.
