

Submitter:

Tyler Larson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB243

Shall not be infringed. It is a very simple yet direct part of the second amendment of the constitution of this state and country. All this bill does is infringe on that amendment. Not only do I oppose this bill, I think any public figure who supports this bill should be removed from their position for breaking their oath of office and partaking in an effort to strip rights away from lawful citizens.
